

Jade Parts Bulletin

Date: 8/12/2016

No: J16-8-Convection Motor Assemblies

Jade

Models: All Titan and Bistro Series

Issue: Properly identifying the correct convection motor when replacing the complete assembly.

Action: All Titan ovens prior to April 2015 utilized the round motor mount convection assembly. All Titan series ovens after April 2015 switched to the square motor mount assembly.

All Bistro series ovens remain the same and use the round convection motor assembly only.

Parts:

Round Convection Motor: Part #3098701V

Square Convection Motor: Part #2500135021
